

Welcome to our home!

Welcome to Aspen Leaf Assisted Living Residence. We have locations in the towns of Limon, Flagler, and Stratton, Colorado. We accept Medicaid and Private Pay Sources. We also assist with LTC Insurance and V.A. Benefits. We provide personalized care, adult day care and respite care.

Our goal is to be the next best thing to your family home! Our homes are designed to incorporate the feel of home but with the needed services and supervision to ensure you or your loved ones personalized needs are met in every way!

We strive to promote more resident-staff interaction to help eliminate loneliness, helplessness, and boredom.

We are committed to providing "Exceptional Care During Your Finest Seasons" and look forward to hearing from you. Stop in for a tour anytime or contact us for more information.

ASSISTED LIVING RESIDENCE

Welcome!

"Exceptional Care For
Your Finest Seasons"

Aspen Leaf Assisted Living Residence

offers exceptional care for those in need of assisted living in the Eastern Colorado area.

CARING VS. PROVIDING CARE

Aspen Leaf Assisted Living Residence is focused on nurturing residents to help them reach their maximum potential. Our staff seeks to foster independence rather than dependence, and to be sensitive to the individuality, privacy and freedom of choice to which our residents are entitled. In short, care is something we do, not simply a service we provide.

RESPONDING TO CHANGE

We meet the changing needs of our residents by offering a working care plan that addresses the degree of need and frequency of interaction. Our trained staff documents services provided, and notes trends that may demonstrate a higher level of need.

TEAM WORK

In order to meet our residents' needs, we are in frequent contact with families as well as physicians, home health, counselors or therapists to discuss any challenges we may encounter. Everyone important to you or your loved one becomes part of our team!

Daily Life

At Aspen Leaf Assisted Living Residence you are in charge of your lifestyle! You can focus on the things you love while we take care of the rest. Leave the household chores and yard work behind and enjoy the little luxuries, quiet comforts and daily pleasures of life each day. All of your care services are included in your monthly fee! We provide you with abundant opportunities to enjoy new experiences and make new friends or entertain old ones in **your** home.

Create a lifestyle you love knowing that Aspen Leaf Assisted Living Residence is committed to assisting you with your changing needs. Welcome home!
